If it isn't on a shelf, we source it.

Long-standing relationships with packaging manufacturers in China and Vietnam, 10+ years and counting. We source it, test it and bring it to your dock.

Custom colors and finishes

Bottles, jars and closures in your color, frosted, coated or metallized.

Decoration

Silk-screen printing, hot stamping and labeling done at the factory.

Private molds and programs

Exclusive shapes and long-term programs priced for your volumes.

Matched closures and pumps

Caps, pumps and sprayers specified to your bottle and fit-checked first.

Hard-to-find sizes

Sizes, materials and neck finishes domestic catalogs don't carry.

Cost-down on volume items

Container-level pricing on components you already buy in volume.

One contact from brief to delivery

1 Brief Product, fill volume, quantities, target cost and launch date.	2 Sourcing and samples We match the right factory and send samples.	3 Specification Dimensions, materials and tolerances agreed in writing.	4 Production and QC Factory checks during and after the run.
5 SGS testing Independent testing before goods ship.	6 Freight and customs Landed cost quoted, import handled.	7 Stock and release Delivered in full, or held in Perth Amboy, NJ and released on call.	8 Reorders Repeat runs on the same approved spec.

Quality and compliance

Tested before it ships.

Every item is checked against its specification, and our products undergo third-party testing by SGS before they are sold.

- | | | |
|---|----------------------------|---|
| 1 | Approved factories | Suppliers in China and Vietnam we've worked with for 10+ years, held to written specifications. |
| 2 | Specification | Dimensions, capacity, neck finish and weight agreed in writing before production. |
| 3 | SGS testing | Third-party testing by SGS before goods ship to us. Depending on the item, this can include closure torque, drop impact resistance, vacuum leakage, environmental conditioning and toxic elements in packaging. |
| 4 | Incoming inspection | Each lot checked against its spec on arrival in Perth Amboy, NJ. |
| 5 | Lot traceability | Cartons labeled so each lot traces to its run and test report. |

What we can provide

Document	What it shows	How to get it
Spec sheet	Capacity, neck finish, dimensions, weight, material, case pack	On request for every stock item
SGS test report	Results of third-party testing by SGS	On request
Certificate of conformance	Confirmation that a lot meets its specification	On request

Ordering

Tell us what you're filling.

We'll match the bottle, closure and pump, and quote stock or custom.

Minimum order	Depends on the item. We handle custom programs and small runs, and we're flexible.
Shipping	Stock items ship in 1 day from Perth Amboy, NJ. We deliver; pickup isn't available.
Hold and release	Blanket orders held in our warehouse and released on your schedule.
Samples and documents	Samples, spec sheets and SGS test reports on request.
Payment	Wire transfer, bank transfer or cashier's check. Net terms for established customers.
